Notice: Discontinuation of Outer-Carton Identification Stickers

Dear Valued Customers,

We hope this letter finds you well. We would like to express our sincere appreciation for your continued support and patronage.

Following the recent specification change to our manual winches—specifically the adoption of a transparent clutch cover (excluding ratchet-type and Mini Maxpull winches)—we have been applying a white circular sticker to the outer carton for identification purposes. As the identification period has now ended, we will discontinue the use of this sticker with immediate effect.

Please be assured that the cessation of the sticker in no way affects the quality or specifications of the products themselves.

Should you have any queries, please do not hesitate to contact us. We look forward to your continued patronage.

Yours faithfully,

MAXPULL MACHINERY & ENGINEERING CO., LTD.

Details

Identification sticker applied

Identification sticker not applied

Manufacture period

21 Feb 2024 – 13 May 2025

From 14 May 2025 onward

Serial numbers

674821 – 691566

691567 onwards, or 674820 and earlier

• Manual winches of the ratchet type and Mini Maxpull winches within the above serial-number ranges are excluded.

• Within the range shown as “sticker applied”, a small number of models manufactured before the transparent clutch-cover change, and therefore without a white sticker, are mixed in.
